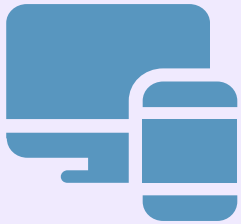
Description

New location or additional info

Benefits



Cross-Device Functionality

No App Download

Completely Free

Our Current Stage

One month in

- Currently experimenting with different website designs
- Focused on front-end

6 Developers

- All undergraduate students
- Found each other via word of mouth

Nonprofit

- We started this project because we cared about fixing a problem
- All ad revenue goes into website maintenance and AWS costs

Thanks for listening!

Now’s the time to ask the big questions
